Snigel Design AB

GP pouch 3 long

Notre reference: SC5838

Prix de vente (TTC): 26,00 CHF

Description:

A compact versatile pouch designed for storing small items.

- Features an elastic cord on the exterior to securely hold the contents in place, even when the flap is open.
- The flap is closed with a Velcro fastener and includes a convenient pull tab for effortless opening.
- The flap can be tucked inside the pouch, providing better accessibility to the contents.
- Equipped with a Velcro attachment system, allowing the pouch to be easily secured to any equipment vest or belt.
- Perfectly sized to accommodate a CAT tourniquet.
- Suitable for storing items such as CAT, pepper spray, long and medium-length flashlights, and more.
- Compatible with equipment vests, plate carriers, belts, leg plates, or leg attachments.
